Electronic Statement
No more Paper Statements!
www.communitybankwi.com

- The E-statement feature can be found in the additional services menu after you log into the online banking. If you have any problems finding the E-statements please feel free to call us or stop by any time. If you choose not to receive electronic statements you may unselect the electronic statement at any time. At that time you will begin to receive paper statements via mail starting the end of the current month.
- You will receive an email notifying you your statement is ready to view.

Cyber Checking Customers
Congratulations!

You have opened a new Cyber Checking Account. In a few days you will receive a Customer ID and password for your Internet Banking. Once you have received your Internet Banking password and Customer ID you will need to log in to Community Bank's Internet Banking at www.communitybankwi.com. If you have any problems logging into Internet Banking call us or stop in at any time. Remember this must be done within 14 days of opening your account to receive your FREE Debit Card.

Cyber Account Customers: It is an account requirement to receive electronic statements. If you choose to change your statement delivery method to paper your account will revert back to a free checking account as stated on your account opening disclosures and you will be charged the annual debit card fee.

-
- I understand that anyone I may give my Customer ID and Password to will have access to all of the Internet Banking Features attached to my accounts.
 - Customer ID & Password will be deleted after 6 months of inactivity, after which you will need to sign another enrollment form to reactivate.
