

Wherever you are, whenever you need it, Business Online Banking delivers easy access to real time financial information and world-class cash management tools.

Home

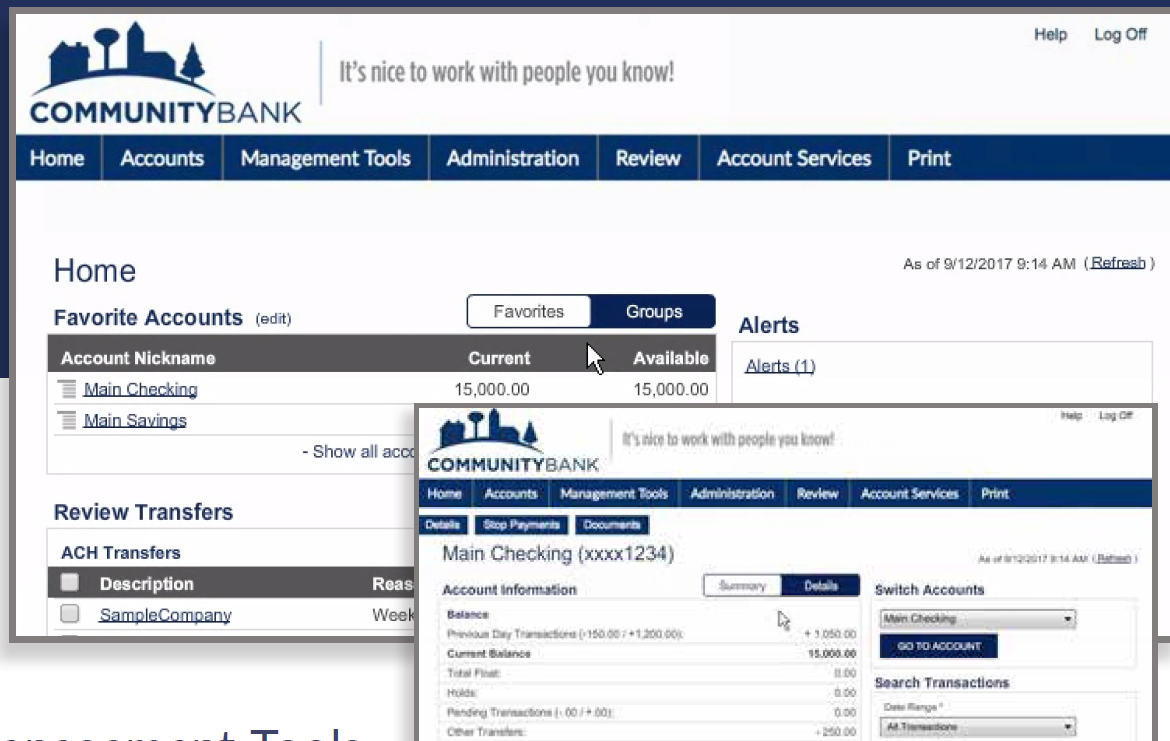

When you log in to Business Online Banking, the Home page is your financial dashboard. It provides a clear, comprehensive view of all your account information and transactions. Plus, it's a convenient multi-tasking center, allowing you to:

- Check available and current account balances
- Organize your accounts into groups or view them as Favorites
- Approve, review or preview transactions
- Approve, review or make transfers

Improving your cash flow has never been easier!

Accounts

By selecting an account from the Accounts menu option, you'll see a Summary of the account's information. Easily review current and available balances, floats, pending transactions and transfers. The Details option provides more in-depth information such as interest, balance history, a list of recent transactions, and much more.

Management Tools

Our powerful management tools allow you to efficiently move your funds. Easily make internal fund transfers or use our ACH Manager feature to make payments to vendors and customers, and direct deposit your payroll. Plus, ACH Manager uses a template based system that streamlines your payables and receivables, reducing the cost of doing payroll and time spent on making payments.

Administration

Easily organize and manage your finances in ways best suited for your business using our powerful administrative tools. Review your information quicker, transfer funds faster - all while maintaining complete control over what information is shared with employees.

Profile and Permissions - Easily add or review employees from the Profile and Permissions drop down. You can also assign security levels and set permission controls.

Accounts - Review and manage employee account access quickly and easily.

Inquire Fund Transfer Access - Assign or remove employee access to fund transfer templates once they have been set up. And much more.

Sign up today!

Business Online Banking provides powerful features, convenient access, and professional cash management services on a platform that's refreshingly easy to use. If you haven't already signed up, talk to one of our knowledgeable commercial bankers today.

Important

Please note that Windows XP, Windows Vista and Internet Explorer 9.0 and below are not supported by Business Online Banking. Please update your operating system and browsers as needed.
